Membership type: Corporate @ \$75 for first 3 members; \$20 each additional member,

Corporate memberships are designed to encourage larger organizations to sponsor as many members as possible and encourage attendance at monthly Chapter meetings. Corporate memberships may be a combination of full and open memberships but require a minimum of 2 full memberships. Full memberships require each membership position be assigned to an individual and a member data sheet (page 2) must be included for each member assigned. Individuals covered under full memberships have full membership privileges including Chamber membership, inclusion in the member directory, and voting privileges. Open memberships allow the company to manage attendance based on the number of memberships purchased and do not require individuals to be named. However, these memberships do not include privileges such as Chamber membership or inclusion in the member directory and are non-voting members. Chapter communications will be addressed to individuals covered by full memberships, one of whom should act as the company contact

of full memberships (min. 2) _____ (attach member data sheet for each individual member)

of open memberships _____

Total # of memberships included (min. 3) _____ Total amount enclosed \$ _____

Industry

Identify which industries best represents your company.
